

TEGRA NOTE™ 7

The ZOTAC Tegra NOTE 7 tablet is the perfect traveling companion—combining the world's fastest mobile processor with a brilliant 7-inch HD display in a sleek, comfortable design. Play the latest games at full speed. Capture stunning photos. Watch HD video for up to ten hours. And listen to your favorite music with booming, room-filling NVIDIA® PureAudio™. It's mobile freedom at the speed of life.

FASTER EVERYTHING

Experience incredible gaming, video, and web browsing performance—powered by the lightning-fast NVIDIA Tegra® 4 processor. Immersive sound, extended battery life, and Made for NVIDIA Tegra gaming controllers make going mobile more exciting, longer.

CREATIVE FREEDOM

Compose and create on the fly using the incredibly intuitive NVIDIA DirectStylus™. Smooth, fine lines and broader strokes all flow from your hand in a way you've never seen before on a tablet.

PHOTO MAGIC

Capture that perfect shot, every time, with unique HDR technology that responds to the toughest lighting conditions. Colors pop, faces are clear, and you get the whole picture the way you actually see it. Capture, compose, and share every moment as it comes.
